

MEET THE JUCM BOARDS

JUCM has been very fortunate to work with committed, highly expert professionals who voluntarily serve on our Editorial Board and Advisory Board.

In order to ensure that each of the boards continues to be a mix of industry authorities with whom we've established ongoing relationships and new members who bring a fresh perspective, we will rotate a handful of members on an off annually.

The following individuals are devoting their time and expertise in support of our mission to provide information that is of high value to you and, by extension, will benefit the entire urgent care community.

JUCM is proud to present them as members of our Editorial Board and Advisory Board.
